Swearing in new Recruit, Cadet Phuc Phan, to Sea Cadets.

Erica and Katlyn Bradfield with Mr. Mattioni and Chief Hentnick.

Mr. Clark's and Jovannie Zayas' Birthdays!

High School

Ports of Call

9th grade Cadets had their inaugural trip on the North Wind!
Cadets cruised in beautiful, though sometimes brisk, conditions. Cadets performed navigational experiments including speed, location, and charting.

A group of Cadets visited the Fairmount Water Works on 10/18. Cadets participated in the "We Drink the River" program by touring the Philadelphia Water Works, and learning about the water supply system history, river health, and urban watershed issues.

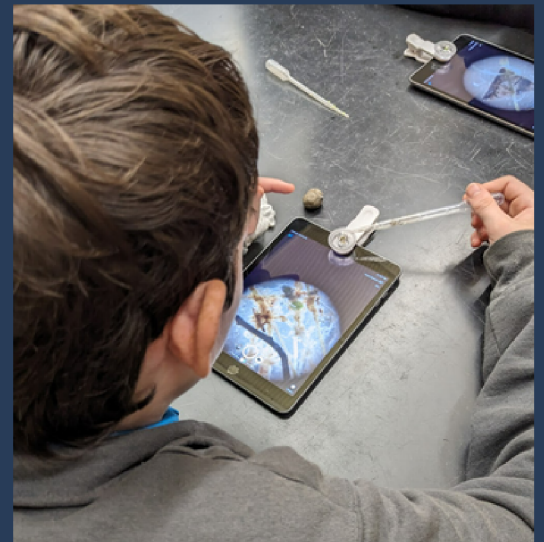

Cadets collected water samples to test for river health parameters, including dissolved oxygen, pH, nitrates, and phosphates. Cadets collected plankton, then identified the plankton using microscopes attached to iPads.

After our time in the lab, Cadets toured the Mussel Hatchery to make the connection to the research the Philadelphia Water Department is doing on freshwater mussels.

We discussed the many jobs and people it takes to operate and work at Water Treatment Plants, such as Aquatic Scientists, Security, Custodians, and Environmental Educators. Cadets did a great job and asked a lot of good questions.

Afterward, we enjoyed lunch outside where Cadets discussed what they learned on the trip and utilized their social skills.

--Mrs. Pellegrino

High School

Fall Sports

Volleyball SeaDogs secured a playoff berth in the PPL by defeating South Philadelphia 25-18, 25-20, and 25-23. GO SEADOGS!
